Sub: Creation of sub-login id(s) after primary registration in SUGAM portal-regarding

CDSCO as part of e-Governance initiative launched online portal 'SUGAM' (www.cdsoonline.gov.in) in November, 2015 for filing, tracking and processing of applications for various services rendered by it. As per the scheme under SUGAM each legal entity has to register online before filing of applications as per the prescribed procedure.

However, concerns have been raised by various stakeholders, that this provision requires re-examinations in view of multiple divisions/ sites operating under the same legal entity and further requested to make provision for additional logins. The matter was examined in consultation with the technical team and provision has been made to create sub-logins for use of the applicants at their manufacturing sites or branch offices. The applicant desiring to create sub login has to fill up the undertaking in the format provided for each sub login and upload on the portal. No document is required to be submitted by the applicant for creation of sub login(s). The terms and conditions and privacy policy shall continue to apply to the sub-login holders and the liability of the person holding the primary login access shall continue to remain same. The facility is available henceforth.
